Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

a. The prior art does not disclose or teach a measuring vessel having a cavity with a wall structure and first and second continuous ramps extending upwardly from adjacent the lower end of the wall structure and respectively adjacent to opposite sides of the wall structure with first and second indicia respectively positioned on the first and second ramps as stated in independent claim 25 along with the remaining limitations of the claim.

b. The prior art does not disclose or teach a measuring vessel having a cavity with a wall structure and a continuous ramp extending upwardly from adjacent the lower end of the wall structure and laterally from the inner surface portions and indicia positioned on the ramp as stated in independent claim 37 along with the remaining limitations of the claim.

c. The prior art does not disclose or teach a measuring vessel having a cavity with a wall structure and a continuous ramp extending upwardly from adjacent the lower end of the wall structure wherein the ramp has laterally inner and outer edges, the wall structure including a portion above the ramp integral with the outer edge and a portion below the ramp integral with the inner edge thereof, and indicia positioned on the ramp as stated in independent claim 38 along with the remaining limitations of the claim.

d. The prior art does not disclose or teach a measuring vessel having a cavity with a wall structure and a continuous ramp extending upwardly from adjacent the lower end of the wall structure, the cavity being wider above the ramp than below the ramp, and indicia positioned on the ramp as stated in independent claim 39 along with the remaining limitations of the claim.
